

TOPSOE

GLOBAL QUALITY POLICY

JANUARY 2026

GLOBAL QUALITY POLICY

At Topsoe, our purpose is perfecting chemistry for a better world with the 2029 vision to deliver decarbonization solutions at scale to lead the fuel transition with annual missions.

To achieve this, we are dedicated to:

- 1. Customer Focus:** We prioritize understanding and meeting the needs of our customers. We aim to provide products and services that consistently meet their requirements and their expectations.
- 2. Continuous Improvement:** We strive for continuous improvement across all aspects of our operations, from processes to products and services. By promoting innovation, leveraging new technologies, and supporting our employees' professional development, we aim to raise standards of quality and efficiency.
- 3. Risk Thinking:** We strive to identify, assess, and manage risks that could impact our quality objectives. By integrating risk-based thinking into our processes, we enhance our ability to deliver reliable solutions and maintain business continuity.
- 4. Supplier Relationship:** We are committed to building strong, collaborative relationships with our suppliers to ensure that we consistently meet our high standards of quality and reliability.
- 5. Compliance:** We adhere to relevant industry standards, regulations, and legal requirements. Our management system directs our operations, supporting both effectiveness and alignment with Topsoe's mission and objectives as well as internal and external requirements.
